EDUCATION

UNIVERSITY OF
MANAGEMENT AND
TECHNOLOGY

2021-2025

- Bachelor of CS
- CGPA: 3.31 / 4.0

LANGUAGES

- English (Basic)
- Urdu(Fluent)

PROFILE

A budding web developer with a solid foundation in front-end development, I am currently pursuing BS Computer Science at University of Management and Technologies. With a keen eye for design and a systematic approach to coding, I craft web solutions that blend form with functionality. My academic journey is supplemented by hands-on experience through projects and university collaborations, which have honed my skills in HTML, CSS, and JavaScript.

WORK EXPERIENCE

- University of Management and Technology** 2024 - PRESENT
Web Development

- Created interactive and responsive web applications using HTML, CSS, and JavaScript.
- Worked on personal and academic projects..
- Participated in group projects, collaborating with other students to design and develop web solutions.
- Utilized platforms like GitHub to manage and merge code changes effectively.

Projects on Github

SKILLS

- Programming Languages:** HTML, CSS, JavaScript, SQL
- Frameworks/Libraries:** Bootstrap
- Version Control:** GitHub
- Tools:** VS Code
- Responsive Design:** Flexbox, Grid
